Court guarantees freedom of expression on the Web

Argentina

In the first decision of its kind in Argentina, the Court of Appeals has ruled in favour of online freedom of expression in relation to websites that include information on the use of narcotics and links to other websites related to illegal drug use. [Full text](#)

Internet Industry Association to reduce cost of filtering software

Australia

The Internet Industry Association, Australia's national internet industry organization, is asking its members to commit to a revised version of the Internet Industry Code of Practice. The revised code removes ISPs' discretion to set prices for content filtering software. [Full text](#)

PKI project will benefit Scottish lawyers

United Kingdom

The Law Society of Scotland has announced a ground-breaking project to provide a unified public-key infrastructure security system to the Scottish legal profession. This initiative has attracted interest from around the world, and stands to offer Scottish lawyers a significant competitive advantage. [Full text](#)
